JBMVOOTU | 600 mm BLADE SIGN

Artwork diameter 615 mm | Nominal diameter 600 mm | Safe circle 560 mm

Extend backgrounds to the red circle. Keep text and logos inside the orange circle.
Remove all guides and template labels from your final artwork. Print at 100% scale.

JBM DISPLAYS - ARTWORK TEMPLATE

Blade Sign Light Boxes

600 mm diameter | Double-sided graphics

Artwork diameter	615 mm diameter
Nominal diameter	600 mm
Safe circle	560 mm diameter
Frame-hidden allowance	20 mm supplier allowance
Artwork faces	Full-colour graphics on both sides

Artwork preparation

- Use page 1 at 100% scale; do not resize the artwork guides.
- Extend all background colours and images to the red bleed circle.
- Keep essential text and logos inside the safe circle.
- Keep important content away from the frame-hidden perimeter.
- Supply both face designs if they are different.
- For the same artwork on both faces, add an Order Note.
- Use high-quality images; outline fonts or embed them in the PDF.
- Remove every guide, dimension label and template heading.
- Check spelling, orientation, colours and all contact details.

Important

Choose the matching size and quantity, select Artwork Assistance if required, then upload and Add to Order. No payment is required now; orders are reviewed before invoicing.
