

JBMVootu | 800 mm diameter | 20 mm bleed | 20 mm safe margin

JBM DISPLAYS - ARTWORK TEMPLATE

Round Fabric Light Boxes

800 mm diameter | Single-sided fabric graphic

Artwork diameter	840 mm diameter
Finished diameter	800 mm
Safe diameter	760 mm
External bleed	20 mm around the finished circle
Artwork faces	One single-sided fabric graphic

Artwork preparation

- Use page 1 as the full-size circular artwork canvas.
- Extend backgrounds 20 mm beyond the finished circular edge.
- The red line marks bleed; teal marks the finished diameter.
- Keep essential text and logos inside the aqua dashed safe circle.
- Keep important details at least 20 mm inside the finished edge.
- Use CMYK colour; outline fonts and embed all images.
- Remove all template guides and labels before uploading artwork.
- Export PDF without trim, crop or registration marks.
- Check spelling, contact details, image quality and selected size.

Important

Use the matching size card on the JBMVootu product page to upload your artwork. This setup guide is for reference and must not be included in production artwork.
