JBM DISPLAYS - ARTWORK TEMPLATE

Under-Awning Light Boxes

Double-Sided LED Light Box | 2000 x 400 mm

Complete document	2020 x 420 mm
Finished face	2000 x 400 mm
Safe area	1940 x 340 mm
External bleed	10 mm on all sides
Artwork faces	Supply both faces - label Front and Back

Artwork preparation

- Use page 1 as the full-size rectangular artwork canvas.
- Extend backgrounds and photographs to the outer red bleed boundary.
- The solid teal outline marks the finished face / trim boundary.
- Keep important text, logos and details inside the green dashed safe area.
- Supply artwork for both faces. If different, label files Front and Back.
- Confirm the required reading direction for each face before submission.
- Remove all template guides before submitting your production artwork.
- Export a print-ready PDF at the original size; do not scale to A4.
- Embed or outline fonts and include linked images. Use high-resolution images.

Important

Page 1 includes 10 mm bleed beyond each finished edge. The safe area is 30 mm inside the finished face. This setup guide is for reference and must not be included in artwork.
